

**REJOINS LOVE DESPITE KING**

Rumanian Crown Prince Values Bride More Than Throne  
Bucharest, Nov. 3.—(By A. P.)—King Ferdinand and Queen Marie are much disturbed by the fact that Crown Prince Charles has rejoined Miss Zyrin-Lambino, whom he married morganatically in 1918 and from whom he was forced by his parents to obtain a separation soon afterwards.  
Besides renouncing his rights to the Rumanian throne, he has accepted a subordinate position in the army. The pair are familiar figures on the boulevards of Bucharest.  
"He has had all that a father and mother could give to a son," said Queen Marie sadly. "And he chooses to go this way we can't help it. We have pleaded and reasoned with him until entreaty is no longer possible. Youth and love, I suppose, will have their way in the end of kings and queens. The whole affair has been a great grief to the king and myself."
